TROMjaro Apps

The recommended way is to go to our APPS section where we curate trade-free applications.

Click any, then simply click install.

You will see a window showcasing what it will be installed and it will ask you to accept that or to cancel it.

Click Apply then add your administrator password, and the application will install.

As simple as that: click, apply, add password.

Curated trade-free applications

In TROM-Jaro you can find thousands upon thousands of applications.

Pretty much every single application that is available for Linux is available in Add/Remove Software in TROM-Jaro.

On this page you will find curated trade-free applications (we are adding more and more all the time). The “install” button works by default with TROMJaro 01.10.19 and newer.
