

# Front page release announcements - DistroWatch

- [Distribution Release: AV Linux MXE-25](#) (2025/11/28 03:49)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. Glen MacArthur has announced the release of AV Linux MXE-25, a major update of the project's MX Linux-based distribution designed primarily for content creators, with Enlightenment as the default desktop user interface. The new version is based on the recently-released MX Linux 25. Additionally, a brand-new flavour, called....

- [Distribution Release: Pardus 25.0](#) (2025/11/27 11:56)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. Pardus 25.0 has been released. This is a major new update from the project that prioritises the adoption of open-source and free software within the public sector in Türkiye. Pardus 25.0 continues to offer a choice of Xfce and GNOME desktops on its desktop flavours, while also providing....

- [Distribution Release: Rocky Linux 10.1](#) (2025/11/26 13:06)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. The Rocky Linux project has published an update to its 10.x series. The new version, Rocky Linux 10.1, introduces soft reboots, shrinking XFS storage volumes, and advancements in post-quantum cryptography. "We are pleased to announce the general availability of Rocky Linux 10.1. Notable new features and changes: systemd....

- [Distribution Release: ROSA 13.1](#) (2025/11/25 10:59)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. NTC IT ROSA has announced the release of ROSA 13.1, an updated version of the Russian company's general-purpose Linux distribution for desktops (with GNOME or KDE Plasma) and servers, originally forked from Mandriva Linux. This release comes with a large number of bug fixes reported in ROSA 13.0....

- [Distribution Release: Tsurugi Linux 25.11](#) (2025/11/24 22:00)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. The Tsurugi project has released Tsurugi Linux 25.11, a major update of the Ubuntu-based specialist distribution designed for digital forensics and incident response investigations (DFIR), malware analysis and open-source intelligence (OSINT) activities. The new version is based on Ubuntu's latest long-term support release. From the changelog: "Totally rebuilt....

- [Distribution Release: AlmaLinux OS 10.1](#) (2025/11/24 20:38)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. AlmaLinux OS, which is based on Red Hat Enterprise Linux, has a new version, AlmaLinux OS 10.1. The new release introduces the ability to install the distribution on a Btrfs storage volume. "AlmaLinux 10.1 also includes support for the Btrfs filesystem, which has already been available in AlmaLinux....

- [Distribution Release: Ultramarine Linux 43](#) (2025/11/24 20:05)

The DistroWatch news feed is brought to you by TUXEDO COMPUTERS. Jaiden Riordan has announced the release of Ultramarine Linux 43, a new version of the project's Fedora-based desktop distribution with a choice of KDE Plasma, Budgie, GNOME and Xfce desktops: "Ultramarine 43 brings some gas-fired polish and a few surprise features. Budgie has been our (rather acclaimed) Flagship....
