- [What to expect from the strongest El Nino in over a century](#) (2026/06/19 16:23)
Warnings of a mighty El Nino weather pattern this year could bring drought, flooding and extreme heat. Can we prepare for the worst of it?
- [As heat waves grow more frequent and fierce, cities worldwide are racing to cool streets and reshape urban life. But can they adapt quickly enough?](#) (2026/06/19 16:22)
As heat waves grow more frequent and fierce, cities worldwide are racing to cool streets and reshape urban life.
- [Women tackling coal dust and other eco wins this week](#) (2026/06/19 13:18)
Indian women fight back against toxic coal dust, the US hits a solar milestone, and there's good news for soil in Kenya and cars worldwide.
- [Preaching and teaching in a warming world](#) (2026/06/12 07:23)
US pastors, a Ugandan musician and salmon-friendly tech delivered good environmental news this week.
- [The climate conversation many US pastors avoid](#) (2026/06/10 07:40)
As the Trump administration undoes scores of environmental protections, some Christian leaders are inviting their congregations to do as the Bible asks and be good stewards of the land. But many others stay silent.
- [Desalination hopes and reformed poachers](#) (2026/06/05 11:15)
EVs surge in Ethiopia, former poachers offer seahorse tours and India's ghost villages are repopulated.
- [Can Hawaii wean itself off oil imports?](#) (2026/06/04 10:54)
Hawaii imports much of its fuel — and pays the price. From solar to geothermal, the state is searching for a way out of fossil fuel dependence.
- [Ethiopia goes electric following gas car ban](#) (2026/06/02 01:31)
Electric vehicles have taken off in Ethiopia. Key to the shift: a world-first ban on importing fossil fuel-powered vehicles.
