- [‘They Tricked Me’: A Father Was Chained After He Went to ICE To Reunite With His Kids](#) (2026/03/24 09:00)
The administration has largely converted the HHS Office of Refugee Resettlement into an arm of immigration enforcement, detaining children longer while helping immigration officers arrest their parents or other family members. One father was chained when he went to an ICE office to discuss being reunited with his son and daughter.
- [Rising Health Costs Push Some Middle-Aged Adults To Skip the Doc Until Medicare](#) (2026/03/23 09:00)
Adults ages 50 through 64 faced some of the steepest increases in out-of-pocket costs for Obamacare plans after a set of federal subsidies expired at the end of December. Some say they are putting off care or considering dropping health insurance coverage until Medicare picks up the bill.
- [Even With Dental Insurance, You Still Could Face a Large Bill](#) (2026/03/23 09:00)
Costs keep many Americans, even those with insurance, from getting dental care. Understanding how dental insurance works and leaning into preventive care can help keep dental problems — and bills — manageable.
- [Journalists Shine Light on Out-of-Reach Insurance Prices, AI’s Role in Claims Disputes, and Susie Wiles](#) (2026/03/21 09:00)
KFF Health News journalists made the rounds on national and local media recently to discuss topical stories. Here’s a collection of their appearances.
- [Listen: Trump’s NIH ‘Reset’ Is Driving Away Scientists](#) (2026/03/20 09:00)
In President Donald Trump’s second term, federal data shows, the National Institutes of Health has lost about 4,400 workers. Scientists say the departures harm the nation’s ability to respond to disease outbreaks, develop treatments, and confront public health problems. KFF Health News spoke with six scientists about why they left.
- [‘How Low Can You Go?’ The Shifting Guidelines for Blood Pressure Control](#) (2026/03/20 09:00)
The number doctors use to demarcate high blood pressure keeps going down, a trend applauded by many experts, who point to studies linking the condition and dementia.
- [Oz Escalates Medicaid Fraud Claims Against States After Focus on Minnesota](#) (2026/03/20 09:00)
The Trump administration’s unprecedented actions targeting Medicaid funding in Minnesota are part of what could become a playbook as officials turn pressure toward California, Florida, Maine, and New York.
- [Many ACA Customers Are Paying Higher Premiums. Most Blame Trump and Republicans, Poll Finds.](#) (2026/03/19 09:01)
A KFF poll offers insights into people’s insurance coverage decisions and how those choices could play into their vote in November’s midterm elections.
